NOTES

- The scarf begins with a mosaic crochet section spelling out the word "Cozy", then transitions to Alpine stitch in one color for the main body. The ending mosaic crochet section spells out "Warm", but is worked upside down so that it sits correctly when worn.
- This pattern works best when there is high contrast between the two colors.
- Change colors where indicated by using new color to complete last "pull through" step of last st of previous color.

- Carry unused color neatly up side edge of work until needed again or until instructed to fasten off.
- When working into rows below, draw up loops tall enough so that stitches match height of current row. This will keep the rows from being compressed and shorter.
- Chain-1 or Chain-2 at beginning of row does not count as a stitch.

SPECIAL STITCHES

- **Mosaic Treble Crochet (Mtr):** Tr into unused front loop of next st 4 rows below. The st worked into will always be the same color as the current working color.
- **Angled Mosaic Treble Crochet (Angled Mtr):** Tr into unused front loop of indicated st 4 rows below. This may be ahead of (after) or behind (before) the next st, to create an angled line. The st worked into will always be the same color as the current working color.
- **Front Post Treble Crochet (fptr):** Yarn over twice, insert hook from front to back and out to the front again around post of indicated st, yo and pull up a loop, [yo and draw through 2 loops on hook] 3 times.

HOW TO READ MOSAIC COLORWORK CHARTS

Every row on the mosaic charts reflects 2 rows of the pattern, a right-side row and a wrong-side row. Read right-side rows beginning from the right and wrong-side rows beginning from the left (or reverse that if crocheting left-handed). Each row is worked entirely in one color and starts and ends with a selvedge st. This is a normal single crochet through both loops. The color of the selvedge stitch indicates the color to use for the entire row. Other than the selvedge stitches, the color of the boxes indicates the color that will show through at the end, NOT the color the stitch is worked in.

Key

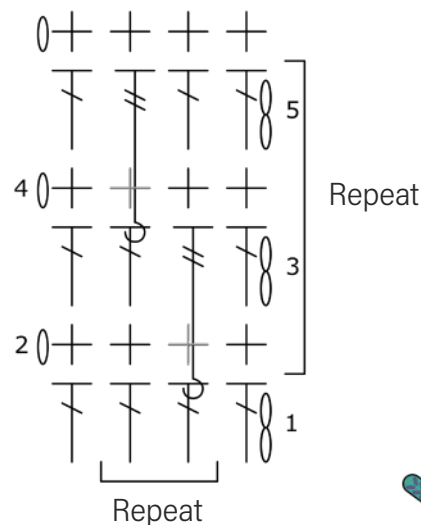

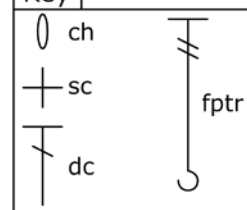

- s selvedge st in color A: sc in color A, use color A for entire row.
- s selvedge st in color B: sc in color B, use color B for entire row.

ALPINE STITCH

Row 1 (RS): Continuing with A, ch 2, turn, dc in each st across.
 Row 2: Ch 1, turn, sc in each st across.
 Row 3: Ch 2, turn, dc in first st, [fptr around next st 2 rows below, dc in next st on current row] across to last st, dc in last st.
 Row 4: Ch 1, turn, sc in each st across.
 Row 5: Ch 2, turn, dc in first 2 sts, fptr around next st 2 rows below, [dc in next st on current row, fptr around next st 2 rows below,] across to last st, dc in last st.
 [Rep Rows 2-5] 42 times, then rep Row 2 once more, change to B at end of last row.
 Scarf should now measure approximately 67.25" (168 cm) long. To adjust length, work more or fewer repeats of rows 2-5 as desired before changing to B, ending after a WS row. Any adjustments will affect yardage needed.
